“ Aunt Dorothy was the family historian and I remember her telling the story of uncles George and Jack that while they were fighting in Europe against the nazi's. Uncle George was in the army and was wounded and was sent to a hospital ship to recover and that uncle Jack was serving on that ship and they were able meet. I always thought it was amazing that they were thousands of miles from home and were able to connect. Also uncle George suffered many other wounds besides that one he never talked about it.

Aunt Dorothy had many other stories about the family and I always found them interesting I will miss talking and listening to her I will remember her always.

“ What a joy to have known "Dort" for all these years, through working together and the Forester church, she always loved to laugh and have a good time. Lots of good memories of her. A life well lived. My condolences to her family.
