“ Condolences to the Jepsen family. I worked with Walt for a few years at MCMU just before he retired. He was a great officer/sergeant and very funny gut. I learned a lot from him and considered him a great friend. Rest in peace Walt.

“ Hey Uncle Walt....I miss you . So many memories have flooded my brain this week it's been a little overwhelming. I want let you know that all of your selfless acts of kindness have impacted all of our lives  
I remember when my grandma fell and broke her hip I raced down to the hospital to see her before she went In for surgery.... you were there with her. It meant so much to all of us . You guys helped me move into my forever home after becoming a single mom with two small children. I hope you know how grateful I am that you hooked up my washer and dryer that day along with everything else that needed to be “fixed” with your trusty tools. I want to thank you for tolerating my parties, loud music and allowing Patty and Susan to walk on the wild side with me all of those years ago. We have some amazing memories with some really great childhood friends that could never be replaced. I honestly don't know how you kept Aunt Flo from coming after me with a broom but thank you for not ratting me out to my dad . I still have to scratch my head over that .... laughing !!!  
Mostly I want to thank you for being one of the 4 pillars that held up the Jepsen family . The strength in this family has molded everyone of us to be successful, responsible human beings who know the pride of a family name ... to know where we came from and where we are going . Whether we are near or far , we have a family bond that will never be broken . You and your brothers are responsible for that .... so a final thank you , a final tribute , a lifetime of memories and laughter . I hope that Grandma, Grandpa, Aunt Flo, Streaker, Bear and Dukie are thrilled to see you . Love you forever, Kathy

“ Walter came into our lives via a brotherhood in the Detroit Police Department in the 1970's. Our friendship grew into family as we spent many cherished moments traveling and spending time together at our beloved Wolverine cabins. Jim and Walter were as much brothers without DNA as any two could be, and even shared a birthday. He will be missed enormously, and remembered in our hearts and souls. We will console and support Sandy as she moves forward in her grief and loneliness.
