“ I was thinking of Alfred Reeves a lot lately. I went to school with an Alfred Reeves at Keewahdin Elementary School in the 1960's. I always wondered what happened to him. The 50th Class Reunion was this past weekend and no Alfred. My maiden name was Kathy Gilmore. Rest In Peace Alfred

“ I have so many great memories with him that its so hard to pick one of them to put on here for everyone to see.... I think the most recent one is watching my son ask papa if he could borrow his gun that he just got this year to go deer hunting. And when papa said only if you try to get a big buck with it..... Keegan was so happy to come back and tell papa he got a big 8 point with his gun. Papa was so happy and so proud of him... I will forever have that memory... thank you dad for all you did for us.... love you

Aww... That absolutely sounds like Al❤️ I am heart broken that he has passed on, Al. I became very fond of him while he stayed with us at the hospital. I recently began hunting this year, and he spoke of many hunting stories. Many times I told him I'd be back after seeing my other patients just so we could finish our conversations. He was a wise man for sure. It hurt my heart when I came in and seen he was going on hospice. I did however get the chance to say my peace with him with one last conversation. Prayers to you and your family during this difficult time. Al Sr., you and your brothers and family are all in my thoughts.

“ One of the most special memories I'll always have is of the very first time I tried to make a "Baked Alaska" cake for a project for my Home Ed Class in high school for Al's birthday...not only Al, but all my younger siblings were upset when they watched me put the cake with the whipped meringue frosting in the oven to brown the meringue... They all thought I had melted the ice cream in the oven on purpose... I didn't learn until a few years later, that turned out to be his favorite cake.. "I'm sorry Al..I didn't get it made for you this year.." Love and miss you already 💙💙🙄
