“ Alice was so much fun. She trusted me with my first babysitting job. Watching Chris and Susan. She was the fun Mom. And later as I grew up she always had sensible loving advice. She and Don remained good friends with my parents for over 30 years golfing and visiting on their way to the beach each year as snow birds! Thanks Alice for your fun laughter, sweet sense of humor, and perspective of light in our lives! Thank you for the blessing you were to all that knew you! Love Christy and the White family from Charter Oaks
