“ A very quiet “giant” of a man, who knew his way around a woodworking shop & could relate to the unrelateable kids. My condolences & 🙏 go out to his wife & Family.

I was a friend of his at Fraser High School. We were in some Architectural drawing classes together. I am sorry to hear. God bless him and his family. He helped me get out the house to watch Fraser High school Basketball team play other teams in the county. There is only one Andrew Light.- Steve Rodgers
