“ To the family of Betty Jean, Please know you are in my thoughts and prayers! I am so sorry to hear about the passing of BettyJean. She taught me how to pack my very first jar of pickles at Aunt Janes. Then from there she tossed me up on the line as a "tally girl." Where I then learned how to make sure a jar of pickles was packed just right! Those were the days. I miss the old factory and the many friendships made however I will never forget BettyJean other than personal, she was the first gal I met!
