“ Red, You were truly a good friend to me and I will always remember and cherish that, I'm sorry I could not complete your wishes, As some thought it to better to let your sister handle taking care of your burial, if its any indication though after the first call to her, she probably won't, Be that as it may, We as in your true friends are going to go thru with your wishes weather we have your physical ashes or not. You are my friend and I told you I would do as you ask and were gonna do exactly that. I hope you may rest in peace with eternal life my friend.... Your friend
