“ Mrs. Martin... She was such a great teacher. Every day I would walk into her classroom she would always greet me. I always had a special connection with my teachers. I love every single one I have had so far. Mrs. Martin has impacted my life so so much. Before her class in 7th grade I could not do math. What do ever. I was horrible at it. But after I had her I could do it so well. She would always take her time to explain assignments. Which helped me a lot. She was such an amazing mother, teacher, and person in general. I am going to miss her so so much!! Fly high Mrs. Martin.
