“ *Donna was my cousin and I'm so sorry to read the news of her passing in the Times Herald online. I haven't seen your family in years, but have very good memories of playing at your house, both in St. Clair and Lexington, as a child. Though many years have come and gone, I have thought about your family many times over the years, and send hugs to all of you in the loss of your beautiful mother. I'm so sorry.*
