“ Apple Jack was a good friend to Camp Cavell and let us come and get apples for the children. He always had a joke to tell and cared about everybody! Will miss him.

“ Jack was a generous, funny and hardworking man. I first meet Jack at the Lexington Lions Club. He was very involved with the club and donated his time and during food donations to the community including bags of his apples. For a couple of years I worked in the apple barn sorting, cleaning and packing apples. He was helpful and fun and I learned a thing or two about apples. RIP dear Jack. You are fondly remembered. “ Sorry to hear about Jack passing away. Jack was our neighbor for many years, since he and his mother came in this area and started the apple orchard. Great neighbor, quiet, helpful and hard working who spend his life dedicated to serve the community through his work to produce wonderful apples that were enjoyed by families in the area, senior citizens outings picking apples, and an opportunity for many to spend a day enjoying nature in the fall. He has been missed in the last few years when his health failed him and couldn't care for his beloved orchard any longer. May the angel welcome him in paradise and may he rest in the peace of the Lord. Our sympathy to his family, you are in our prayers. Ernie and Sefora Gillies.
