

John Stanley Pelc

June 20, 1991 - January 7, 2026

CROSWELL- John Stanley Pelc, age 34, passed away on Wednesday, January 7, 2026 at his home. He was born on June 20, 1991 in Deckerville, Michigan and lived his whole life in Croswell.

He loved nature and animals. His greatest pride and joy was taking care of his dogs and his yard. He had many skills and talents and was always a hard-worker, which showed in the way he handled the lawn care business left to him by his father in 2019, and the way he was always doing home improvement and art projects for his mom. He could also give the most thoughtful (often handmade) gifts that always showed his kind and sensitive heart.

John will be deeply missed by his mother, Deborah, sister, Debbie and brother-in-law, Alex, and his nephew, Sam. Remember that we all need God's grace and mercy every moment.

"Come to me, all who laborer and are heavy laden and I will give you rest"-
Matthew 11:28

The family will be planning a private memorial service for the springtime.

“ I'm sorry to say that I actually never really met Cousin Jack. I would have been close to being 18 and living in Virginia when he born. I'm sure I him as a little guy on visits back to MI but we never met adults. My mom and dad both talked about seeing him on one of their visits and how he chatted all about his dogs and plans for fixing up things on the house for Aunt Deb. Aunt Deb, Debbie Sue you've been in my prayers. Love you

“ I knew him as my little cousin Jack. Growing up together our families spent a lot of time together. Its funny how the baby of us all grew to be the largest by a lot! There's a few memories that stand out. Summer parties in the pool. Birthday parties where we used metal bats are used on piñatas. Mostly the summer I spent baby sitting Jack. At the time it was possibly the most freedom he had had. That summer we ran all over the streets of croswell. We probably broke every rule given to us. We walked every corner of the town that year. We had so much fun he wouldn't want to go home. We tried pennies on the train track that summer. He would beg and cry to stay and play at ginger snap park that one time he cried the whole way home that I pushed him down on our walk home into a pile of sticks. I dont think he ever told on me for that. He might have used it against me but thats fair game. Even as we got older and began to work for "big" uncle John we still laughed and giggled and played in the leaves as we raked and helped with fall clean ups. Then sat scared and quietly in the back of the truck together after being scolded. Even as we got older and I would see him after years of being away. There was never a time he did t smile when he seen me and thats what i picture now. I stared at this page for what seems like forever In sadness and disbelief. Ive avoided sadness in my life like a disease. This is/was very hard for me and I just want Aunt Debbie and Debbie Sue to know I loved Jack and I love you guys.

“ Though the years of he and I climbing trees, sharpening sticks, riding our bikes and venturing to benfranklins are far gone he has always been one of my greatest childhood memories, he was very kind very thoughtful and I will never forget him he was my first best friend 😞 Rip JP! You will be missed.
