“ *Karen, you left us way to soon. You still had a lot left to do. You left behind a wonderful legacy in your kids and grandkids. I miss and love you. We had plans for this summer but they will now have to wait until we can all be together again. Even though I miss you, I know you are happy, pain free and no worries. Until we see each other again, I miss and love you. Margo*

“ *So sad to hear of Aunt Karen's passing. I can remember when me and my family travelled to the States to visit you all. She was always so kind I remember her doing her fitness work outs and playing in the back yard. Rest in peace x x*

“ My mama....I miss you more and more as each day passes. You were so good to me and even better to your grandson. We're hanging out here until we can see you again. I love you SO much. God would never give me anymore then I can handle...this I know, but it doesn't make you leaving hurt any less.

“ This makes me so sad Karen and I began walking together in 1994 we walked 8 miles every day together for many years. She had lost over 150 lbs. We became very good friends. Rest in heaven my friend ❤️ I will hold our memories together forever in my heart
