# Tribute Wall

“ just looking back in my old year books with my son, I saw a picture of Mr Keglovitz and decided to look him up, My deepest condolences to the family, He was one of the best teachers I had in Lincoln Park High School. I have many fond memories of being in his drafting classes, and the night school classes he taught, VCR cleaning and repair, and an electronics class. He even went as far to give me and a friend a ride home after class because he didn't want us walking 2 miles in the rain. He will be missed by many, he was a great man!
