“ *Met MA when she was just a rookie and worked with her for many years. She was, and is, a top notch educator who devoted herself to all; in the classroom, on the BB court, as Yearbook advisor, and in many other ways aimed at making student's futures the best. She will be missed, but she will live on in our minds for eternity. Rest in Peace friend and colleague.*

“ *M A was one of the first people I met when I started at CPS in 1971. She was devoted to her students and their education and lived for CPS. She was one tough lady and it is hard to accept that she is no longer with us. My condolences to all who loved her.*

“ *The CPS community is a bit dimmer now with the passing of an CPS Icon. MA was fierce, but kind and once you broke through the shell - there was nothing she wouldn't do for you or your family.*

From Educator, Coach, to Board President she gave until she bled, and of course she bled Blue and Gold. She loved to talk about her family, championship basketball, and the direction of the school.

I will miss MA she was a friend to me and my family and I think that we are all better people for knowing her and seeing the passion she had for our community and school.

MA they broke the mold with you- You will be remembered as a CPS Icon and missed by all that you touched.

“ *I was lucky to have learned so much from MA...typing class, writing copy or page layouts for the yearbook, 11-man Drill and so much more. All great memories and valuable learning experiences that I am so glad she was able to share.*

“ Her inspirational classroom posters and her drive to make all of her students achieve stuck in my memory. She was one of my favorite teachers in high school, and in many ways helped shape me into the person I am. Thank you, Ms. Magri.

“ I am so sad to hear of MA's passing she was a pillar in the community who gave back unselfishly! Always a joy to run into her & catch up & at grocery store or restaurant. We would never part ways until I caught her up on the entire "Baranowski" clan. One of my favorite teachers & I agree with "B" she is probably up there organizing those angels! Sending Love & Light to all of you during this difficult time!!! 🙏💕🙏

“ To describe M.A., the word "countless" comes to mind. Countless students she made better people. Countless photos she took to capture moments. Countless community events she planned and led. Countless ways she helped others without expecting much in returns. Countless memories of a life-long friend who will be deeply missed. She was a giver and I am reminded these are things that count. Hugs and peace to you all.

“ Sorry to hear Mary Ann has passed away. I had the privilege of working with her in the school year 1970-71. She and I chaperoned the seniors on their trip to Washington D. C. She was wonderful to work with and had the kids needs at heart. May God Bless her family during this time of sorrow.

“ A great person, teacher, and friend to many. As a teacher she was fierce yet gentle . M.a treated everyone with respect and found the good in all. She pushed us till we got it! I know my mom loved that M.A provided many pictures of us four through the years. Fly high M.A. ---sit up straight and feet on the floor. ❤️

“ Miss Magri was one of my absolute favorite teachers. To this day I still tell people typing was the best thing I learned in school. She was tough-as tough as they come, but she loved you dearly, too. I was also fortunate enough to be on the yearbook staff for two years. It was fun getting to know her-seeing how much she loved her nephews and learning how much she loved Barbara Streisand. And we all knew how much she loved us, too. M.A.-My fingers will never leave the home row keys and my photos will always face inward on layouts. You will not be forgotten!

“ What a friend! Whenever we were in Applegate, I would call. She would answer, "What's up?" Then there would be the arrangements to get together for breakfast, lunch or dinner. She helped our mother in so many ways. There are not enough words to describe the many ways that MA was a part of our lives. Rest my friend. I will keep a bottle of Diet Orange Crush in the refrigerator in case you stop by.

To a friend who would stop at nothing to help you out and expect just a word of thanks in return,
To a friend the likes of which I had never in my life seen before.....
Thank you Mary Anne Magri, you are missed deeply.

“ Words can't express what a huge impact MA had on my life. She was my typing teacher back in high school. She helped me pick out my first camera (Canon AE-1 P which I still have today). She encouraged me daily during those teenage years and I can say I wouldn't own my own business if it wasn't for MA and B's influence. Thank you isn't enough. My condolences to the family.
