“ dear carol & bill, we are sending this note to express our sincere sympathy for your loss. he was very handsome naturally, and he is even more perfect now! i know that this is not the time for preaching but he doesn't want to come back because everything is so beautiful where he is now! thus, we must await the time when we shall see him again and until then remember that you have many friends who are supporting you in this issue and anything that is less than optimal. supporting and uplifting you always, terry and mary wedge

“ On behalf of the CrosLex High School Class of 1981 our deepest Sympathy.
What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.
Praying for all of you
