“ Still sinking in. Still agree with what your dad said at the service. We all want you back. You shut an entire shift down dude!! That speaks volumes about you. I have never known a company who values a person over profits. Never. You will be missed so freaking much. You were such a selfless man and truly valued everyone, just like your mom. At a loss for words but you were and will always be an amazing nephew

“ Dearest Paul: You were a true (Wild Child). Although I haven't seen you in years, you were not forgotten by me. Remember you as a beautiful baby; and I have pictures to prove it. You are in a much better place with your beloved Mother, Donna. I miss her as well. I know you are with her now, and both of you are at peace. Please know that I will never forget either of you. With much love and remembrance. GRANDMA KATHRINE.

“ I hadn't known Paul for very long but his impact was evident. Paul had that rare ability to be a responsible senior leader within the facility while also being a person that could easily relate to the workers. It was a balance that many people never attain. In my time with him, I was able to witness a dedicated, driven individual who cared about family, friends and coworkers.

“ I had only known Paul for a short period through my husband Troy and he sent us on a weekend vacation so we could relax and have some fun. I thought "what a nice guy" I will always remember his thoughtfulness... things like that don't happen very often. He will be missed.
