“ To the Strausser Family, Richard was not only a Great friend but a great mentor to so many people. He shared his life and experience's with any one who would listen. He watched me grow into the man I am today. I could not put a price on the things I've learned and experienced because of him. Although, Dick was missing one arm, I seen him do more with one arm then most people do with two. Their was nothing that he could not do, he live with passion and vitality, I could not say enough good things about his accomplishments in life. I look back on the times, we all spent together and I stand humbled in his shadow. I wanted to say Thanks for always being there, when no one else was and taking the time to show you cared. To all the Strausser's, Who know me from the time we spent together, My Sincere Condolences. I will continue to be the best I can, to live up to the standards that was taught to me by a Great Mentor and Friend.
