“ Valerie showed me how to shell peas and break up string beans from her garden when I was a teen. Growing up in Mt Clemens I wasn't really introduced to that, but she was always really patient and nice. Always made me feel welcome when I went over to her home she shared with Jim and Marco. She also took me to Marcos football games and to stores with her. Good memories 💕

Val was my best friend in junior & senior high school. We shared Friday night walks to downtown Alpena & back home, future hopes & dreams, and boy secrets. She was always able to make me see the brighter side of things and I hope I was able to do the same for her. I actually had testing done to see if I qualified to donate one of my kidneys to her but was disqualified due to kidney stones. My prayers go out to all her family in their loss. Val will be greatly missed by her family and many friends. Rest in peace, Kiddo.
