“ I never could have imagined how stepping into Calla Lilly many years ago would have enhanced my life. A simple machine repair led to thousands of stitches and a new respect for the craft! Wayne was such a talented man who helped me to become a confident sewist with his no-nonsense approach to teaching me much more than just machine mechanics! His love of country and his independent spirit kept us talking for much longer than he likely had time for! I truly appreciate his mentorship when I called, texted, and stopped in with more and more questions. Thank you, Carolyn, for sharing him with your customers! He will be missed by peers, family, and friends alike. I am blessed to have learned so much from him. God's peace and comfort to all who knew and loved him.

“ I was so sorry to hear about Wayne’s passing. I have fond memories of Wayne and Doug as children in the 1970’s. I used to spend my summer vacations from age 11 with Carolene on Aunt Mary and Uncle Fred’s farm. Wayne and his family would stop by often to visit . I was very impressed how mature and knowledgeable he was about running a farm at such a young age....My heartfelt condolences to his family and friends!

“ I will never forget the day I brought my serger in for service and walked out with the machine he casually walked me over to see. I said “well of course I want this one now” and he said “that’s why I showed it to you.” Always friendly and kind when I was in. Heartfelt sympathy to family and friends, especially Carolyn.
